Health and Safety at Harrogate Music Centre

Dear Parent/Guardian

Could you possibly avoid using the swimming pool car park to drop off or pick up your child at music centre please?

The reason I ask is that the car parking area is accessed by our pupils pushing trolleys and moving percussion equipment.

Moving cars with pupils pushing equipment poses a significant risk-by parking elsewhere you will help to minimise this risk, as others have already done.

Thank you for your co-operation.

Jonathan Hills. Harrogate Music Centre manager.
